

MUNUC 35 AWARDS

February 2-5, 2023

Dear MUNUC Advisors, Delegates, and Friends,

I cannot thank you enough for your hard work and dedication during the 35th annual Model United Nations of the University of Chicago Conference. Whether it was your first time with us or your 35th MUNUC, every single contribution meant the world to the rest of the Executive Committee and me.

Since its inception, MUNUC has remained committed to fostering a safe environment for high school students to engage with foreign affairs outside of the classroom. Above all else, MUNUC looks to encourage and celebrate collaboration and pedagogy throughout our 4-day conference. To determine awards, we ask our wonderful teams of UChicago students to look for those delegates who seek out and apply feedback, endeavor to effectively integrate their solutions with their peers', and work to improve their skills throughout each committee session.

With these goals in mind, it's important to note that there are a finite number of awards to go around. If you do not see your name (or your delegates' names) on this list, know that it does not signify a failure in any sense of the term; even committees with hundreds of delegates only gave out up to six awards. Rather, I urge you to use the release of this list as a reflection point. Be proud of the work you put into preparing for MUNUC, the determination that led you to join our conference, and the learning you did over the weekend.

I'm proud of each and every one of you, and I once again thank you for the honor of serving as Secretary-General of MUNUC 35.

Carolyn Castroblanco
